CITY FONTS

How to use new technologies to tell about your city?

- my identity
- new technologies
- making the own, individual image of the city

OBJECTIVES:

Building the identity using everyday technology

Workshop shows that stages of changing are easily to missed and forget

Crossing and experimenting with the rules and the limits

Discover and building individual city image. Workshop is also an introduction to stimulating the participant's curiosity toward their own region of residence.

Workshop shows the variety of views to the surroundings, opens and stimulates curiosity to explore the personal stories associated with the place of residence

Development of skills in design work according to the defined stages of work.

SOFTWARES & APPS

OpenStreetMap

OpenStreetMap is a free, editable map of the whole world that is being built by volunteers largely from scratch and released with an open-content license.

 **Mentimeter**

Mentimeter is a powerful collaboration and presentation software featuring unlimited votes, polls, word clouds, multiple choice questions, quiz and more.

Pack your Pictures into Stop Motion Movies. Stop motion animation and time lapse in one app. Add audio and music easily

QUESTIONS

Think about your hometown:

- What do you like in your hometown?
- What you don't like?
- What makes it specific?
- What is the most characteristic for this place?
